Thinking outside / 2025

Brafab

Thinking outside

Sometimes it's good to add an outside perspective.

We know that at Brafab. Because what we are best at is outdoor furniture, and we know what is needed to spend an outdoor life in comfort and in a way that lasts over time; both in form and function.

Aspects such as comfort and aesthetics is at least as important when choosing outdoor furniture as when decorating indoors. At Brafab, we like that, and want to share our passion and competence on the joy of spending time outside.

Welcome to discover Brafab's 2025 product line - a collection inspired by timeless colors, durable materials, and furniture designed to stand the test of time in both form and function. We've also introduced a subtle blend of fresh, soft, and cool colors, alongside new designs and innovative solutions.

Crafting Quality Outdoor Furniture with a Sustainable Vision

A product range with a wide base that can be combined endlessly is the foundation of Brafab's product development. We are one of the leading brands for outdoor furniture, and we devote ourselves to develop our range from year to year.

In recent years, our outdoor environments have become increasingly important to us. What used to be just a simple patio has today become an extra living room that we enjoy as soon as the weather permits.

Brafab draws inspiration from the outside world and by monitoring and trying to predict upcoming trends and orientations. We believe that it is important to add playfulness and hope into our daily lives, which we want to reflect in our outdoor furniture. Colour is a great way to bring hope so why not add more distinctive colours such as Dusty Green and Lemon to more traditional colours for outdoor furniture.

Brafab's Outdoor Furniture Journey

Brafab's history goes back a long way and we have a great heritage to build on. We started as a small family business back in the 1930s and today, we have grown into one of Northern Europe's largest outdoor furniture brands. However, we are still just as keen on the interplay between comfort, design and practicality, which is fundamental when we develop our range. Details, materials and the perfect proportions are what create outdoor furniture you can sit comfortably in and enjoy for a long time.

We also feel the need to contribute to an environmental friendly product process and to do what we can for the environment, people and society when it comes to sustainability. This means creating outdoor furniture that lasts over time, both in form and function, and our sustainability work is an important and natural part of our daily work.

SHELL

What sets Shell apart is its unique fusion of design influences. The clean lines and neutral color palette embody the calm simplicity of Scandinavian design, while the warmth and texture of rattan capture the relaxed, sun-soaked vibe of the Mediterranean. This blend makes Shell the perfect choice for those seeking to create an outdoor oasis that is both trendy and timeless. The open back reveals the frame, turning it into a standout design feature. Soft, deep cushions in a gentle and sophisticated white fabric complete the look.

ABRIOLA

Abriola features a silver-coloured aluminum pole in two parts with a 48 mm diameter. The pole is equipped with a crank and an auto-tilt function, allowing you to easily angle the parasol. The canopy is made of 250-gram solution-dyed fabric, complete with a ventilation hole, and is supported by 8 ribs.

SHADY

Shady side table is not your ordinary side table. Beyond being heavy and sturdy with two levels of tabletops, it doubles as a parasol base when needed. The thoughtful design considers that we always have items to place when we're outdoors—items that often benefit from being in the shade. So why not have Shady beside your sofa or armchair to do the job perfectly?

DK Armchair, Shady Side table, Frisk Cushion

DK

DK is honouring Scandinavian design and brings to mind masterpieces from the 1950s. An elegant and stable frame in aluminum with contrasting details that enhance the feeling and keep DK current - for a long time. The contrasting colors of the armrest and the braided seat in artificial rattan are details that elevate the chair. The consistently airy feeling in the design is a clear legacy from the Scandinavian classics. Available as dining chair, armchair and bench.

POPPI

The Poppi parasol features a 2-part anthracite-lacquered aluminum pole with a 38 mm diameter. It has a push-tilt function for easy angling, raising and lowering. Opening the parasol is simple with the push-up handle, which smoothly extends the canopy with a small pop at the end. The canopy is made from 250 g solution-dyed fabric, complete with a ventilation hole, and supported by 5 aluminum ribs.

SHANGHAI

The Shanghai parasol combines modern design with practical features, offering generous coverage with its diameter of 2.7 m and 50+ UPF protection against ultraviolet rays. The solid crank and adjustable pole make it easy to tilt the parasol for optimal shade. When angled, the elegant steel ribs are beautifully showcased, harmonizing form and function. This parasol adds both style and practicality to your patio, embodying all the essential features of a classic Shanghai design.
